Our Mission

The Bursary of Hope for Autism is a volunteer-driven non-profit dedicated to a singular goal: ensuring no child is denied life-changing therapy due to financial circumstances. We raise vital funds to support families struggling to afford applied behaviour analysis (ABA) therapy.

Why ABA Therapy Matters

For a child with autism, ABA therapy is often the key to unlocking their world. It provides dramatic improvements in:

- Communication: Finding their voice to express needs and thoughts.
- Social Skills: Building meaningful connections with peers and family.
- Academic Success: Developing the tools needed to thrive in a classroom environment.

Our **IMPACT**

Our team is composed of dedicated community leaders with the singular focus of ensuring every child has access to the care they deserve. Backed by successful past events and a strong partnership with Behaviour Innovations, a private provider of ABA services supporting children in the GTA we are proud to say that our impact since 2008 has included:

- Total money raised: \$1.95 million
- Donations to Autism: \$1.49 million
- Percentage of funds donated to Autism: 76%
- Administration costs: 1.5% of money raised
- Estimated hours of Autism services provided: 46,750!
- Families supported: 87+
